

## BIM TECHNICIAN

### **About Us**

ABP Food Group is one of Europe's leading privately owned agribusiness companies. We are the UK and Ireland's largest beef processor. Our core business – ABP Beef has primary sites in Ireland, UK and Poland and it is supported by its renewable, pet food and protein divisions, which combine to ensure the value of by-products is maximized and the environmental impact of our business and customers is minimized. We employ over 11,000 people in 46 manufacturing plants in Ireland, UK, Denmark, Poland, Austria, Holland, France and Spain.

This is an opportunity to join a market leader in the beef sector who is growing the business beyond market expectations. A company that has a reputation as an excellent employer and people focused business.

### **About the role**

Due to continued growth and expansion a leading Food Processor is looking to recruit a BIM Technician. Ideally candidates will have experience with BIM and Revit within a Building Design and Construction Environment. This position will be based in Co. Louth

The candidate will be responsible for preparing detailed planning, design and construction and drawings. Working as part of a team, the successful candidate must be motivated to manage their own workloads and meet specific delivery dates and standards.

### **Ideally the candidate will have:-**

- Relevant Third Level Qualification
- Revit and AutoCAD essential.
- Experience in co-ordination of construction, services and facilities
- Up to date knowledge of construction protocol
- Mechanical/ Electrical experience will complement this role
- 3-year + experience plus in a similar role
- Experience with Commercial and Industrial builds

### **Responsibilities:**

- Prepare Concept, Planning, Design, Tender and Construction and As-Constructed Drawings
- Develop details and specifications.
- Liaise with stakeholders, architects, engineers
- Maintain a system of management and ensure deadlines are met.
- Ensure that individual and team targets and deadlines are consistently achieved.
- Identify areas where improvement can be made
