

Graduate Health & Safety Officer

Limerick Tipperary Region

(PLEASE READ ADVERT BEFORE APPLYING-EXPERIENCE IS NOT ESSENTIAL FOR THIS ROLE)

ABP Beef processes c.1m cattle each year and is the largest processor of beef in Ireland and the UK, and one of the top 3 in Europe. ABP works with many of Europe's largest supermarket chains and food retailers to ensure beef is produced with full traceability 'from farm to fork'.

We operate out of meat plants strategically located to be close to our farmer suppliers in the UK, Ireland and Poland. We are a major exporter of beef to over 20 countries. Utilising our patented 'Ultra-Tender' beef process ABP ensures the highest quality product is delivered to the end consumer.

The Role

As Graduate Health & Safety Officer you will be required to:

Help prepare health and safety strategies.

Help carry out risk assessments, identify how risk could be reduced & produce reports to suggest improvements.

Carry out site inspections to check policies and procedures are being executed correctly on sites in ours.

Keep records of any inspections findings or accidents on site and produce statistics for managers.

Partake in-house training with site management/staff about health and safety issues and risks

Ensure equipment is installed safely.

After time provide advice on a range of specialist areas such as: fire regulations, noise & safe use of machinery.

The right applicant must have:

Relevant degree/diploma

The ability to stay up to date with changing H&S legislations

An observant and analytical personality

The drive & determination to push projects through

You will be expected to keep yourself up to date with new legislation and maintain a working knowledge of all Health and Safety legislation and any developments that affect our industry.
